## IN THE BOX

Power Pack

User Manual

Micro USB Charging Cable

## LOCATION OF CONTROLS

1. Flip-out phone stand
2. LED indicator light
3. Micro USB input charging port - for charging the Power Pack
4. USB output charging port (1.0A) - for charging devices such as smartphones

## USING THE POWER PACK

### To charge the Power Pack:

1. Connect the small end of the included Micro USB cable to the Micro USB input charging port on the Power Pack.
2. Connect the large end of the included Micro USB cable to an available USB port on your computer or an AC power adapter (not included).
3. The LED indicator light will light up RED while the Power Pack is charging.
4. The LED indicator light will turn BLUE when the Power Pack is fully charged (approx. 6-8 hours).
5. When done charging, remove the cable from the ports.

### To check if the Power Pack is charged:

Press the LED indicator light once. If it lights up BLUE, it is charged. Press again to turn the light off.

## USING THE POWER PACK

### To charge devices with the Power Pack:

1. Connect the USB end of your device's charging cable to the USB output charging port on the Power Pack.
2. Connect the other end of your device's charging cable to your device's charging port (please refer to your device's user guide for charging).

**NOTE:** If the device you are charging draws too much power from the Power Pack, it will stop charging and go into standby mode. If this happens, unplug the device from the Power Pack, then recharge the Power Pack to get it back into charging mode.

### Using the phone stand:

Flip out the built-in phone stand to use as a cradle for your smartphone.
